## COMMITTEE AFTER ELECTRIC ROAD.

There was a big mass meeting at Clifton last Friday afternoon at which time the proposed traction line between Springfield, Clifton, Cedarville and Jamestown, was taken up.

The Clifton people have for some time been endeavoring to interest Mr. George Baker, owner of the South Charleston line to build a line South. At present he is constructing a new entrance into Springfield, which means that already three miles of the road directly south is about complete.

At the Clifton meeting, Friday, there were many interested parties. Messrs. L. H. Sullenger, and D. S. Ervin representing this place. As there has been three routes planned between Springfield and Clifton there was a committee for each to secure a free right-of-way. The farmers claim that something must be done in the way of free grants to ever get a road.

The Clifton people have not worked on the free right of way any further than Cedarville. If the farmers between Cedarville and Jamestown wish to become interested they are expected to follow the plan adopted as to a free right-of-way.

Those present who met Mr. Baker last Saturday at the law office of Kellor and Keifer in Springfield were: H. N. Cox, Harry Corry, C. D. Estel, Charles Hatfield, Dr. Harris, J. R. Corry, R. E. Corry, Jesse Garlough, A. H. White from Clifton and Mayor J. H. Wolford and Keith Bull of this place.

At this meeting Mr. Baker went over the proposed routes which each committee had to offer. One route came out the old Clifton pike, the second over the Springfield and Clifton pike and the third over the old line survey between the Springfield and Clifton and Springfield and Yellow Springs places. Between Cedarville and Clifton there are no routes as yet shown along the line.

Wednesday being the day set by Mr. Baker to drive over the route, the party arrived here shortly after noon, dinner being taken at R. E. Corry's. Besides Mr. Baker were his engineers, Mr. Hunter Washington C. H., Mr. Horace Kellor of Springfield and Mr. Pierce Clegggett of Bainbridge, cashier of the bank in that place, Messrs. R. E. Corry and H. N. Cox.

A large number of citizens met the party at the mayor's office and informally discussed the proposed line. All assured Mr. Baker that the town welcomed an electric line and that he may be successful in getting here. Besides Mayor Wolford, there were the members of the Board of Trade and other officials of that body.

From here Mr. Baker and his party went on to Jamestown to inspect the route and view the country. He states that several of the members of the company from Washington C. H., want the road built through here rather than by South Solon and Jeffersonville.

## Night Prowlers Are Around.

There have been a number of reports current the past few weeks as to night prowlers or "peepers". It seems that some one has a desire to appear at bed room windows about the retiring hour. The north side of town furnishes the greater number of complaints.

Some drastic method should be employed to stop this work. Parties seeing such a person at their windows should have a loaded shot-gun handy and give the guilty one the full benefit of the contents.

Such work as this would require a police force of twenty or more men and then probably without avail.

One of our wet friends stated Tuesday that if the officers would instead of people supposed to be selling liquor, the town would be better off. This is only one man's view of the situation, due probably to the recent raids.

## CLIFTON.

The railroad committees, which had been appointed at the public meeting a couple of weeks ago, met Friday afternoon and made their report which seems very favorable toward getting a free right-of-way for the proposed traction line.

Harry Frey of Springfield, an old timer in railroad promoting, has taken a three month's option on the Little property down at the cliffs.

Last Tuesday night the river was at its highest, being out of its banks and over the space in front of the mill.

The U. P. church is having a series of meetings this week on missionary work. All this week including Sunday, March 7th, they will have prayer and preaching services at 7:30, except Saturday, March 6th, when services will be held at 2 p. m.

Last Friday night the Clifton High School basketball team added to their record by defeating the Cedarville team.

The Clifton high school and the Clifton high school teams, also the girls were going to play, but the game was postponed indefinitely by Cedarville on account of some injury to one of the boys and one of the girls being sick.

Gilbert Luse moved in with his mother. He has purchased the barn and is expecting to open up a livery barn soon.

Vantress, the blacksmith, is moving into the Kyler property recently vacated by Gilbert Luse.

Frank Culliffe has moved into the Armstrong property across in Brookline.

G. E. Armstrong, of Fairfield formerly of Clifton, was back shaking hands with his old friends Wednesday.

## Chickens Are Missing.

It is stated that chicken thieves made away with ten of Rev. Mills J. Taylor's chickens sometime last Saturday night. There was some consideration shown in that ten was all that was wanted and the Rev. was left enough for another start.

## CEDARVILLE PEOPLE BY "SENEX".

(Continued from last week)

We find that Cedarville township has furnished the following preachers: UNITED PRESBYTERIAN; Isaac N. Lawhead, S. P. Morrow, J. L. Bull, Alex. McMillan, Hugh McMillan, Joseph McMillan, Wm. A. DECEASED: Andrew Brown, Robert Reid, Hugh M. Reid, James H. McCampbell.

The following is a list of Cedarville girls who married preachers: Jane Jackson married James Forsythe, who was a missionary to Africa, afterwards Edward O'Hale Dobbs of Iowa; Maria Jackson married Walter Clark, missionary to Africa; Mrs. Irwin married Andrew Homan, D. D.; Cora Ellis married Wm. B. Ransom; Miss

Elizabeth married E. W. Osabey; Mary Ann Orr married John McKorkle; Nettie Parry married Ebenezer Currie both died missionaries in Egypt, and are buried at Alexandria; Anna Mitchell married W. H. French, D. D.; Mary Cowden married W. H. McMillan; Mary Dallas married S. M. Ramsey; Lucie Dallas married David Steele, D. D.; Anna Williamson married Rev. Young; Luella McMillan married W. J. Smiley; Julia Dean married Robert B. Patton; Louella Dean married Robert J. Kyle, (the deacon); Nettie Haines married Robert J. Kyle (2d wife); Laura Foster married E. P. Boyd; Ada Foster married D. McKenzie; Margaretta Watt married Walter Condon; Echo Sterrett married W. G. Robb; Mamie Sterrett married W. A. Pollock.

The following girls married lawyers: Fannie Stevenson, step-daughter of Mr. Kirker, who lived the first house west of the paper-mill, married J. B. Burrows; Nancy Jane Jackson married Robert Hood. They live now in Cedarville. Martha Joanna Jackson married Judge Rodgers of Wheeling, W. Va.; Mary Orr married Judge Smith of Xenia.

There may be other worthy girls who were as fortunate or unfortunate as those mentioned above to catch a preacher, but we cannot recall their names. A goodly number married other professional men, lawyers, doctors, etc., but tradesmen, mechanics, merchants and farmers found wives as well posted in the culinary art and were made happy.

Thus we may find Cedarville men and women all over the country east and west, who, when asked the question, "Where were you born?" they will answer with pride, "I was born in Cedarville, Ohio!"

Can any township of Greene county equal that of Cedarville township in its record?—which has furnished a college, an Ambassador to England, a candidate for vice president of the United States, a United States senator, 30 preachers, 10 lawyers, 12 doctors, 85 wives for preachers, and many wives for professional men, a large number of professors, teachers and missionaries, etc., etc. We are not ashamed of Cedarville.

Take a lay of the Buckeye state; Greene county, if you will,

## Of a Little town, a little place, They call it Cedarville.

I've traveled west, and heard the bird's trill, And many a place I've seen, But none like Cedarville.

The lay of land on every side, The vales with fields and hills, Bring back to me my childhood's home, And dear old Cedarville.

The weight of years is light on me, My life is joyous still, Because I leave my lover's love, In thee! my Cedarville.

Too soon, alas! I must depart, Yet when I'm on the hill, I still will cherish thy heart, The name of Cedarville.

## News About The Courts.

A non-contested partition suit was filed in the Court of Common Pleas Tuesday afternoon in the matter of the estate of the late Thomas A. Ark. The estate is located in Cedarville township.

An entry was made this week in the case of D. H. Barnes against the Bath township school board, in which the plaintiff is granted leave to file a third amended petition, on which the case will go to trial, if it contains two or more causes of action. Barnes says he has been illegally dismissed from the superintendency of the Bath township schools.

In the case of John M. Carroll against Oscar B. Kaufman, as treasurer of Greene county, the court finds that the duty of assessment on the property of the plaintiff is illegal, and that he is entitled to the relief prayed for.

Wm. Hoover, charged on two counts for forgery and larceny, pleaded guilty before Judge Kyle in the court and was sentenced to the penitentiary.

Greene county is a center for this kind of horse. Horse dealers find it impossible to purchase an animal at a price that would enable it being sold again at a profit.

The demand in this section for good horses is remarkable and something not equaled in the large city markets. It is stated that the Chicago market is far less than in this county.

Mr. W. L. Marshall, the well known auctioneer, has presided at fourteen public sales this spring, where general purpose and driving horses, good, bad and indifferent, sold at these sales at an average of 143.63.

## ENSIGN ON GOOD ROADS.

To the farmers and taxpayers of Greene county: There was organized at Xenia on February 20, a Greene County Good Roads Association, an auxiliary to the State Good Roads Federation. The objects are to use every effort honorable to better our public highways and especially to influence, to make and unmake Road Legislation.

The great increase in the crops of Ohio, marketing of the same, in the past few years, the greatly increasing number of our automobiles, has gotten our roads in a very deplorable condition. We feel our taxes are already about to the limit and our legislature is slow to make appropriations except to increase the salaries of already over paid officials and in view of all these facts something must be done.

On January 15th, 1909 an organization of the state was effected at Columbus. Greene county was fortunate enough to get one of the four vice presidents, Hon. Jesse Taylor, Jamestown. The report was unfortunately gone out that this is to be an automobile road building. Now farmers and taxpayers it is in your hands whether this shall be an auto road or a road for everyone and built by everyone.

If you stay away from these meetings and don't come and make it O.K. meeting and afterwards your taxes are out of sight, don't knock, but walk up to Xenia and pay and say nothing.

This state organization is here and going to stay, and is here to make Good Roads and to make some one pay for them. Hercules says, "Put your own shoulder to the wheel and push." Now if you will not turn and help push this organization to the front and demand your full share of the rights, the other man will. ## Will Erect New Addition.

Mr. C. H. Crouse has dismantled the old ice house at the rear of his meat store and will erect a new addition to be used as a storage house and place to do rendering and packing.

The ice house has been in use for many years and was past usefulness and a more modern building erected in its place. Mr. Crouse states that there is every indication that the meat men of this section of the state will be compelled to use manufactured ice this summer.

Three of the prettiest and brightest girls of Muskingum college, come to Cedarville, Tuesday evening, March 16th, to debate with three of the Cedarville girls. No advertisements are required to describe the latter. If any are needed the girls will use them themselves in the debate. Muskingum will surely get all that is coming to her.

## New Outfit Is Installed.

The enterprising firm of Smith & Silvey has refitted their tinsorial parlor with a modern three chair sideboard that is a beauty. New hydraulic chairs of the latest design take the place of the old style that has been in use during the many years of partnership of this firm. A new lavatory has been added with improved water connections. Mr. R. Bird recently laid new linoleum of a bright pattern which adds greatly to the room.

This firm believes that there is nothing too good for the patrons and has invested no small sum in new furniture to keep pace with the modern shops of larger places.

Mr. A. Shaner of New Burlington, has moved onto the Paul farm and Mr. Andrew Morrow of near Lumberton has moved on the Charles H. H. farm.

It is generally agreed that if he were elected to the senate he would immediately become one of the most influential leaders in that great law-making body, while any other new senator would exert little or no influence during his first or even second term.

No one who has followed the history of the senate in the present contest in which public opinion was not strictly divided on the personal qualifications and ability of the various candidates. Doubtless there are friends of other candidates in the present contest who would not hesitate to drag into the light of day any weakness or scandal in the public life of Theodore E. Burton. If, by so doing, they could lower him in the popular estimation, Burton having been in public life for more than 20 years, it is reasonable to assume that his political enemies have been using his public and private records with a fine-tooth comb, but in all those years they have not succeeded in finding one weak spot in his entire career. The result is that in the pending senatorial contest, even those who are fighting to elect other candidates have been forced to admit all that has been said in praise of the popular Cleveland congressman.

equal to all demands. Whether it be used on the most modest farm building or the largest manufacturing plant we have always found it true to its trust.

It is made to give service. Every square is thoroughly inspected before leaving the factory. The workmanship is right, and the materials used in its construction are as good as money can buy. As evidence—we can point to Asbestos Roofing applied in the early nineties in good condition to-day.

Furthermore, it requires no coating or painting. "The first cost is the only cost."

Our Booklet "R. O." Sent free on request, will give you valuable information.

This sounds like it might have come from Bellefontaine. The saltiest old salt that sells the soda does not love a chew of tobacco better than does a hen owned by Butch Miller, a lawyer of Youngstown, Ohio. For more than a year the hen, who was always renegade and industrious, has refused to lay her customary egg each day and so her system is taxed by tobacco. So each day, Mr. Miller sits before her a can of chewing tobacco and she takes a chew.

## OFFICERS MADE SUCCESSFUL RAID.

Two successful raids on the "blind tiger" house joints last Saturday had a tendency to stir the wet element to a frenzy. The raid had been carefully planned and but few persons were aware of what was taking place until Thomas Mitchell's place was visited.

Papers were sworn to before Mayor Wolford by Walter Liff, who with officer Kennon, Constable John Ross, Z. T. Phillips, Wm. Clemens, Calvin Ewry and William Ritter, first visited the residence of Johnnie Jones, who lives on "Sawdust" avenue. The house was guarded from all sides. Just as the door opened Leotis Brodies, a minor and Dud Ballard, both colored, were coming out and both were arrested. When searched liquor was found in their possession. Jones claimed that there was some liquor about the house used for private purposes but the officers found it here and there. A well filled jug, and a number of bottles were taken to headquarters, to which the owner must explain.

Raid No. 2 resulted in Thomas Mitchell being surprised to the extent that one would have imagined that Carrie Nation had joined the little band of explorers. Mitchell used his hatchet on a two gallon jug that Z. T. Phillips was taking to safety. The result was that the "goods" flowed freely over the floor and on Mr. Phillips' clothing. Seven bottles of beer and a large amount of equipment necessary to conduct the business was placed in safe keeping in the mayor's office. Jones, Brodies, Ballard and Mitchell spent Sabbath and Monday with the village. The first plea of not guilty and the case was set for Wednesday, March 10. Brodies and Ballard have been held as witnesses. Mitchell would not enter a plea Monday evening but on Tuesday announced that he would have to be proven guilty. Bond was fixed at \$500 each, signed by Milton Robinson and Caleb Nooks. A bill of sale of personal property also goes as security. Mitchell's case was set for Wednesday afternoon.

\$100 Rewards \$100.

## Progress About The Paper Mill.

Mr. Lucius Howard of the Howard Paper Company, was in town Tuesday conferring with Dr. J. O. Stewart, as to the erection of the new paper mill.

Mr. Howard stated to the Herald that everything is progressing with the detail work and that there will be still a more extensive view of the well. Bids have been asked for the excavation of a reservoir about 35x80 and 40 feet deep. As this must be done in solid rock quite a task lies before the successful bidder. The firm of Hill Bros. has placed a bid.

As to the erection of the mill there will be a cement basement story with the top story of brick. It is stated that contractors have furnished estimates as to the probable cost of the plant.

Another report is that the railroad company has plans drawn for the new sidetracks necessary for the company and that as a matter of better accommodation, train No. 19 will stop at 2:14 p. m. will stop for the passengers. Agent J. W. Robinson states that he has received no word from the railroad company.

By the way, the new paper mill and the new paper mill can be no disappointment.

## THE VERY BEST.
